

The Magic Mirror, 2004, Cyrus Hamlin, Sea Wave Press, 2004

The book "THE MAGIC MIRROR" approaches discord in personal relationships in a unique way, by locking the stable door long before the horse (or a loving relationship) is missing. Long before crises arise, the book helps the partners in a relationship to understand how each feels with respect to important factors in the relationship, such as trust, religion, culture, etc. Where this process unearths major differences, the partners can resolve these differences, before an actual situation arises. Since the partners carry out this process on their own without outside influence, they should be well equipped to cope with the crises when they arise later in the relationship.
